Fyi. I think we'll sit pat on the statement. I'll let Ed know again that we'll contact him when we have news.

Understood.

One last try and then I'll shut up – promise. Any chance a staffer would be available tomorrow morning?

Ed-- I'd love to help, but I'm coordinating with project staff who are traveling and in meetings today, so I'm most comfortable with statement at this point. I expect we may have some news in the next few weeks, will make sure I share with you directly if and when.

Thanks for the note, Rich.

Think I could give you a call so we could do a quick taped interview? This would make my boss happy.

Ed-- not much affected by the CFAC closure news. The closure of the plant does not change EPA's focus on working with the state, the local community, and the site owners to fully assess the site and take cleanup actions that are necessary to protect human health and the environment.
